STORM SERIES

BAYPRO 230

The Bay Pro 230's rugged build, spacious 102" beam and deep 28" sides allows you to fish bigger and rougher waters. The Bay Pro 230 is wide, deep, tough and fast. The Excelleration™ Pad Hull virtually eliminates drag for increased speed and handling. Heavy, .150 gauge aluminum takes a beating from rough seas.

A 55 gallon fuel tank provide miles and miles of range. Innovative features such 45 gallon insulated fish box keeps your catch fresh for the table. The Storm Series represents the next level of form, function and fishability.
